THE DIPLOMA MAY BE CLOSER THAN YOU THINK

To recognize learning which takes place outside the classroom, the Ministry of Education allows us to award credits to adults (persons 18 and over) who entered Secondary School prior to September 1999 and who have been out of school for at least one full year. There are 3 categories of the credits available:

- Maturity Allowance
- Equivalent Education
- Apprenticeship Training

Assessments are completed on an individual basis. There could be a maximum of 12 credits granted using any of the allowance options described above. All applicants for equivalency standing must earn the last four credits (these credits must be at the Senior Level – Grade 11 or 12) subsequent to becoming a mature student before a diploma will be issued. The Principal shall determine which compulsory courses (if any) must still be completed by the student to earn a diploma. To assess diploma requirements, a transcript of your credits from your last school is necessary.

A Personal Support Worker is someone who provides direct personal and health care assistance to the aged, chronically ill or disabled including all age groups. Our PSW teachers of the credit programs are certified by the Ontario College of Teachers and are either R.N.s or R.P.N.s. Join the many others who have earned their high-school diploma, gained valuable work skills, and become employed as a Personal Support Worker.
