

The 2024-2025 College Application Opens September 30

The following message has been sent to high schools and school boards.

With a new school year underway, we'd like to help you prepare to support students with applying to Ontario colleges in the months ahead.

About the 2024-2025 Application

The 2024-2025 college application will be opening on **Saturday, September 30, 2023**. On this date, students can begin applying to college programs that start between August 2024 and July 2025.

We'll be introducing a few notable changes to the 2024-2025 application, including:

- **Updated application fee** – As we announced in April, the fee for the 2024-2025 application will be updated to \$125. The application fee for programs starting between August 2023 and July 2024 will remain \$110.
- **Applicant diversity census** – The application will include a new census with four diversity-based questions to support the colleges in fulfilling their equity, diversity, and inclusivity goals. The census is voluntary, and applicants can indicate that they prefer not to answer.
- **New military connection question** – The application will also include a new question that asks applicants if they have a military connection (e.g., currently in serving regular or reserve force, veteran, or an immediate family of any of these groups).
