the **MOVE**
TO HIGH SCHOOL

At the **DSBN**

We honour the experiences, cultures, viewpoints and talents of each student. Our diversity is a source of strength and innovation, and our schools embrace and appreciate the values, identities and lived experiences of students. Our programs are individualized and are designed to support the well-being and achievement of all students.

We know that education is a personal process of self-discovery and also discovery about the world and how it works. Although we all learn at our own pace and in our own way, know that at the DSBN, you are supported throughout your journey.

An IPP for You & Me

Education and career/life planning helps you develop the knowledge and skills you need to help you make informed choices for your education, career, and life outside of school. You will actively work on your individual Pathways Plan (IPP) from grades 7 to 12.

Graduation Requirements

To earn an Ontario Secondary School Diploma (OSSD) students need to earn 30 credits.

COMPULSORY CREDITS Students must earn 19 compulsory credits:	4 credits in English (1 credit per grade) (Contemporary Aboriginal Voices NBE3 can sub as grade 11 English)	3 credits in Mathematics (at least 1 credit in grade 11 or 12)	2 credits in Science
1 credit in French as a Second Language (Level 1 or 2 Native Language Course included)	1 credit in Canadian History	1 credit in Canadian Geography	1 credit in Technological Education (Grade 9 or 10)
1 credit in the Arts (Aboriginal Culture included NAC10)	1 credit in Health and Physical Education	0.5 credits in Civics	0.5 credits in Career Studies

- PLUS**
- 1 additional credit** in English, or a third language, or social sciences and the humanities or Canadian and world studies, or guidance and career education, or co-operative education
 - 1 additional credit** in health and physical education, or the arts, or business studies, or co-operative education
 - 1 additional credit** in science (grade 11 or 12), or technological education (grades 9-12), or co-operative education
** a maximum of 2.0 credits in co-operative education can count as compulsory credits*

OPTIONAL CREDITS

In addition to the 19 compulsory credits, students must earn 11 optional credits.

What is a CREDIT?

A credit is granted upon successful completion of a 110 hour course with a minimum grade of 50%.

Other Graduation Requirements

- **40 HOURS OF COMMUNITY INVOLVEMENT**

Students can start accumulating their community involvement hours in the summer before entering Grade 9. The DSBN uses an easily accessible program Hour Republic to track and recording community involvement hours.

- **THE PROVINCIAL LITERACY REQUIREMENT**

For most students, this means passing the Ontario Secondary School Literacy (OSSLT). Students who do not successfully complete the OSSLT have other opportunities to meet the literacy graduation requirement.

- **ONLINE LEARNING GRADUATION REQUIREMENTS**

Students will be required to earn two credits online as part of the graduation requirement of the Ontario Secondary School Diploma (OSSD). While online courses will be a mandatory graduation requirement, families have a process to opt out of this requirement.

Course Types

Grade 9

OPEN (O) courses are appropriate for all students and are designed to broaden students' knowledge and skills in subjects that reflect their interests and prepare them for active and rewarding participation in society. They are not designed with the specific requirements of university, college, or the workplace in mind.

ACADEMIC (D) courses focus on the essential concepts of the discipline plus additional related concepts. Academic courses develop students' knowledge and skills by emphasizing theoretical, abstract applications of the essential concepts while incorporating practical applications, as appropriate.

DE-STREAMED (W) courses equip all students with the knowledge, skills, and work ethic to be successful in academic or applied courses in Grade 10.

The DSBN has de-streamed Grade 9 courses to ensure students are able to make informed decisions about their pathway in Grade 10. If a Grade 9 course is not yet de-streamed, you will select the academic course.

Grade 10

Applied (P) courses focus on the essential concepts of the discipline. Applied courses develop students' knowledge and skills by emphasizing practical, concrete applications of the essential concepts while incorporating theoretical applications, as appropriate.

LOCALLY DEVELOPED (L) courses are designed to focus on core knowledge and skills to meet individual student needs for compulsory subjects. Locally developed courses are intended for students whose educational needs are not met by the de-streamed, academic, or applied courses.

Grade 11-12

OPEN (O) courses are appropriate for all students and are designed to broaden students' knowledge and skills in subjects that reflect their interests and prepare them for active and rewarding participation in society. They are not designed with the specific requirements of university, college, or the workplace in mind.

UNIVERSITY (U) preparation courses are designed to equip students with the knowledge and skills they need to meet the entrance requirements for university programs.

UNIVERSITY/COLLEGE (M) preparation courses (often referred to as mixed) are designed to equip students with the knowledge and skills they need to meet the entrance requirements for specific programs offered at universities and colleges.

COLLEGE (C) preparation courses are designed to equip students with the knowledge and skills they need to meet the entrance requirements for most college programs or for admission to specific apprenticeship or other training programs.

WORKPLACE (E) preparation courses are designed to equip students with the knowledge and skills they need to meet the expectations of employers, if they plan to enter the workforce directly after graduation, or the requirements for admission to certain apprenticeship or other training programs.

Questions & Answers

Q: Will de-streamed, single streamed and open courses prepare me for any post-secondary pathway I might choose?

A: Yes! Courses in Grade 9 are designed to prepare students for any pathway they may choose after high school.

Q: Is there somewhere I can go for help if I have questions about the courses I should take?

A: Yes! Your secondary Guidance department can assist you with selecting courses. If you have an IEP, you can discuss your options with your SERT. There may also be information sessions for more information and you can discuss specific subjects with your classroom teacher. Your parents or guardians may also be helpful in providing advice and assisting you with your planning.

Q: I am learning English as an additional language. Can I take ESL courses?

A: If you are a multilingual student who is learning English, your ESL/ELD teacher can assist you in selecting the appropriate ESL or ELD courses based on your level of English language proficiency.

Q: I have an IEP (Individual Education Plan). What support will I have in secondary school?

A: Your IEP is part of your transition plan to secondary school. Accommodations are available based on the needs of each student. Connect with your Learning Resource Teacher at your school to discuss your needs in more detail.

Understanding Course Codes and Descriptions

Every course in an Ontario Secondary School has a **six-character course code**. A code can be broken down as follows:

Xello

Students in DSBN use Xello as their Individual Pathways Planning (IPP) tool for education and career/ life planning. Xello provides students with tools to explore their opportunities, plan their educational pathway, and document their learning. Xello is a comprehensive IPP program that includes information on:

- secondary course offerings
- postsecondary opportunities
- occupation planning
- SHSM, OYAP, and Dual Credit Programs
- resume writing
- portfolio planning
- and more ...

All DSBN students have an account. Students can use their DSBN login information to access Xello.

First Nations, Métis, & Inuit Studies

There are many Indigenous events and authentic learning opportunities available to DSBN secondary students. They include:

- ▶ Courses taught with Indigenous perspectives in many subject areas
- ▶ Community members supporting student learning within courses and at student events
- ▶ There are courses offered within Indigenous Studies 9-12
- ▶ Academic, social, and emotional support for Indigenous youth
- ▶ Student voice and leadership opportunities for Indigenous youth to connect and lead

Your Mental Health & Well-being

The DSBN community believes that mental health and well-being is the foundation for student success. When students feel safe and secure at school, their sense of achievement and accomplishment increases. This is an essential building block in the development of resiliency.

We all share in the responsibility for student mental health and well-being across all learning environments by helping you feel:

- ▶ RESILIENT
- ▶ A SENSE OF BELONGING & CONNECTEDNESS
- ▶ SOCIALLY & EMOTIONALLY COMPETENT
- ▶ CONFIDENT IN THEIR IDENTITY
- ▶ NURTURED & CARED FOR

Begin with an End in Mind

Where are you going first after secondary school?

Apprenticeship

Do you enjoy learning by doing? Do you prefer hands-on work over classroom learning? Apprenticeship training allows you to learn the skills you need for a trade while working alongside qualified tradespeople.

Community

Some students will transition directly from secondary school into the community. The Specialized School to Community Program will assist students/families, employers, and community agencies in developing a plan for each individual student as they prepare for community involvement.

Workplace

Secondary schools offer programs to prepare you for the world of work. Specific courses provide you with an opportunity to learn the essential skills necessary for success in the workplace.

College

College is a post-secondary education destination that you can attend after graduating from secondary school. You generally study for two or three years and concentrate on learning about a subject area that interests you. After graduating from college you will have a certificate, diploma or degree, which will prepare you for a career in your area of study.

University

University is a post-secondary education destination that you can attend after graduating from secondary school. You generally study for four years and concentrate on learning about a subject area of interest to you. After graduating from university you will have a Bachelor's degree which will prepare you for a career in your area of study.

Starting secondary school is really exciting and also a bit nerve-wracking. You're pretty sure it's going to be great, but who hasn't heard a story or two? Here are some answers to what might be on your mind

MYTH

FACT

MAKE THE MOST OF HIGH SCHOOL

Each of our secondary schools offers a wide range of clubs, groups and activities to meet the varied needs of their students. Listen to announcements and get involved early. It's a great way to develop new skills, meet people and be involved in your school.

THE SCHOOL IS SO BIG I'LL GET TOTALLY LOST!

I'M WORRIED THAT I WON'T DO WELL IN MY CLASSES

WHAT DOES LUNCHTIME LOOK LIKE IN HIGH SCHOOL?

I HEARD THERE WILL BE LOTS OF HOMEWORK HOW WILL I EVER GET IT DONE?

WHAT IF I GET BULLIED AT SCHOOL?
