Introduction

Welcome to Canada and the Niagara Region! We are very happy that you will be joining our DSBN family this year. Above all, we wish you great success with your studies and meeting new friends.

Due to the COVID-19 pandemic we need to alter our travel and arrival protocols for international students. Please take some time to review the information in this package and make sure to contact us for help with any part you don't understand.

This is important because if you do not follow this protocol, you may be denied entry into the country. Government authorities may also fine students for non-compliance in certain situations. You will need to follow these guidelines closely in order to start classes.

Please know that our top priority is the health and safety of all our students, staff, host families, schools and communities. We must follow the regulations and recommendations of the Canadian and Ontario governments, as well as the local public health authority.

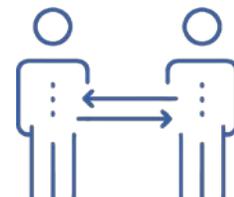

At the end of this guide you will find the **International Student Travel and Arrival Protocol Form** and **Self-Isolation Plan**. **These two forms (pages 9-13) must be completed in full, signed by the student and his or her parent/legal guardian and sent to international@dsbn.org BEFORE you arrive in Canada.**

Definitions

Below you will find COVID-19 vocabulary. Please become familiar with these terms:

Social/Physical Distancing

Keep at least 2 meters between you and others. Avoid crowded spaces and places and wear a mask if you must be in those places.

Self-Isolation and Quarantine

Stay in a place in isolation to prevent exposing others or yourself to COVID-19.

Self-Monitoring

Check your health for possible symptoms of COVID-19. Let your host family and parents/custodian know of any health-related issues you are experiencing.

Pre-Departure

Below are a few important tips and steps **before** coming to Canada.

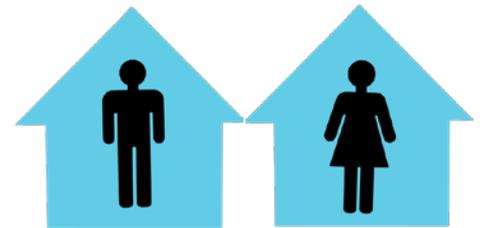

Communication and Relationship Building

- Contact your host family to get to know each other. A video chat using Zoom or Skype works well;
- Exchange emails and phone numbers;
- Confirm who and where you will meet after arriving at the airport, as drivers/host families will not be entering the airport building.

Household Isolation

Before you leave your home country to come to Canada, it is recommended that you isolate in your home for 2 weeks prior to departure and only interact with your family during that time.

Medical Check / Testing

It is highly recommended that you request/obtain a letter from a doctor within 72 hours of departure that confirms you are healthy and safe to travel. If possible, you should also get a COVID-19 test. Bring the letter with you when you go through immigration.

Packing

Include the following items in your carry-on bag which you will bring with you on the plane:

- Passport
- Study permit or approval letter
- Letter of Acceptance from DSBN
- Custodianship documents
- Self-isolation/Quarantine Plan
- Confirmation of health insurance coverage
- Immunization record
- Custodian contact information, Homestay profile and contact information
- COVID-19 Travel and Arrival Protocols Form, signed by student and parent(s)
- Prescription medication, masks, and hygiene products
- Change of clothes (in case of delayed luggage) and some snacks (no liquids)

Arrival Plans – Self-Isolation Plan + ArriveCAN App

Before you leave your home country, you must prepare a self-isolation plan and download the ArriveCAN app from the Government of Canada. Both of these need to be completed prior to your arrival to Canada.

Self-Isolation Plan

Before you leave your home country it is very important that you complete the form found at the end of this document, called Self-isolation/Quarantine Plan.

When you arrive at the airport in Canada, the government border and immigration officer may ask you to show proof of your plan, so you should present your Self-Isolation Plan. Be sure the information is correct.

Once you have completed the form:

- 1) Email a copy of the Self-Isolation Plan to the International Education office at international@dsbn.org
- 2) Print a copy to bring with you in your carry-on bag
- 3) Keep a copy on your cellphone

ArriveCAN App

The ArriveCAN App is available for iPhone and Android and can be downloaded from the App Store or Google Play. You can view and download the app by visiting the following website: <https://www.canada.ca/en/public-health/services/diseases/2019-novel-coronavirus-infection/latest-travel-health-advice.html#ua>

This app must be setup before you arrive at immigration in Canada. The immigration officer at the airport will provide you with a **TOKEN NUMBER**, which you will need to enter in your profile.

On the next page you will find the steps to setup the app.

Airport/Flight: Best Practices

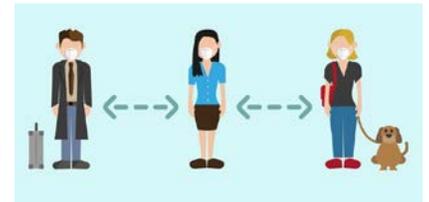

Wearing a Mask/Hand Washing

Remember to wear a mask at all times. Wash your hands before you board the airplane and bring hand sanitizer to use as often as you can during the journey.

Practicing Social Distancing

It is important to try to keep your distance from other people. You should try and keep at least 2 metres from other people as much as possible. When not possible, make sure to have your mask on.

Keeping Safe

Keep your cell phone charged in case you need to contact your host family. Bring some snacks in your carry-on bag because the restaurants in the airport may not be open or there will be long lines. When you get to your airplane seat remember to wipe down your area, especially the TV screen, if there is one, the folding table and armrests. Don't be embarrassed...Everyone is doing it!

Arriving in Canada

You finally made it to Canada! We are sure you are excited to begin your Canadian experience in Niagara. As you get ready to go through Canadian Immigration, remember to do the following:

- Text your custodian, host family or homestay coordinator when you land so they know you have arrived;
- Have your Self-Isolation Plan printed and ready to show to the immigration officer;
- Have a copy of your host family profile;
- Have a copy of your LOA (Letter of Acceptance) from the District School Board of Niagara;
- **Very important:** Don't forget to get your Study Permit from the immigration officer if you need one;
- Meet the person picking you up on the other side of the Arrivals Gate at the spot designated ahead of time.
- If there are any issues involving transportation from the airport to your homestay address, contact our International Education office.

Self-Isolation/Quarantine

Government Rules and Communication

In Canada and Ontario everyone has worked hard to keep COVID-19 manageable. We did this by following some important rules from the government. When you get to your new home you must self-isolate for 14 days. This means you should stay in your room and avoid direct contact with your host family and others.

The governments of Canada and Ontario want to make sure all new arrivals to Canada are safe and healthy. To do this they will call you or your host family to make sure you are self-isolating and following the rules. You must be prepared to answer a call (or calls) from 1-855-906-5585 or 1-613-221-3100.

If you choose to contravene the Quarantine Act, relevant local, provincial and federal law enforcement authorities will be contacted. Additionally, any contravention will result in the re-starting of the quarantine period.

Student Responsibilities – Quarantine Costs

Additional costs related to the homestay during the quarantine period will be borne by the student. The homestay provider commits to informing the student of these additional costs prior to departure.

Student Responsibilities – Isolation Protocols

To keep you and your host family safe while you are self-isolating, it is important that you stay in your room. You may leave your room to go to the bathroom.

Remember to keep your room clean and practice good hygiene. Some examples are washing your hands often, showering every day, cleaning the bathroom after using it, covering your mouth and nose with your elbow when you cough and sneeze and keeping your room clean.

Following the 14-day quarantine, you and your homestay provider must arrange for a COVID test through a local clinic and share the results of your test with our International Education office before attending school. Your homestay provider will transport you to and from the test with safety protocols in place.

Your homestay provider commits to continue to provide necessary quarantine supports if there is an extension of the quarantine period.

What to Do During Self-Isolation

Stay Connected

Contact your friends and family when you are self-isolating. Check with your host family to make sure you have access to wi-fi. It is important to check your email regularly because your school might try to contact you.

Monitor your Mental Health

Being in a new country is exciting but being in self-isolation may be challenging. Communicate with your host family regularly and let them know how you are feeling. We are all here to support you!

Physical Health

Staying active during self-isolation! Exercise at home. Try to go to bed at a reasonable hour and don't stay up all night. Eat nutritious meals and snacks. If you require support with quarantine meals, please contact our International Education office.
